Hannay Reels Offers Stackable Frames with New Design

► **Maximize limited space with a stackable frame for up to two reels*.**

Ideal for:

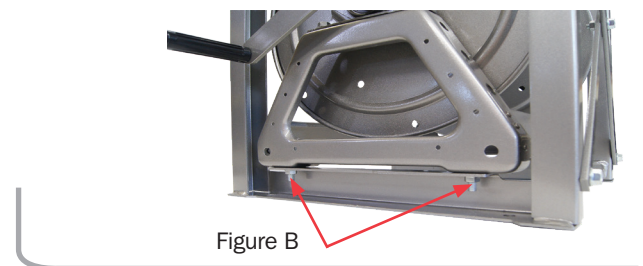

- Utility trailers
- Pickup truck beds
- Smaller utility work trucks and vans
- Cabinets, compartments and other areas where space is limited

NEW Design includes:

- Rear X-bracing has been added for increased strength (Figure A)
- Mounting hardware is now accessible on the outside bottom of the frame for easy installation of reels. (Figure B)

These stackable frames are available for Hannay Reels Series 1500 & 1800 manual or power rewind industrial hose reels. Frames can be painted to match reels – must specify reel model number and paint finish when ordering.

**NOTE: A MAXIMUM OF TWO REELS CAN BE USED PER STACKING KIT. ONE STACKING KIT CANNOT BE INSTALLED ON TOP OF ANOTHER KIT. THE WARRANTY WILL BE VOIDED IF GUIDELINES ARE NOT FOLLOWED.*

TO ORDER MUST SPECIFY REEL MODEL AND STACKING KIT PART NUMBER:
