Hannay Reels Offers Stackable Frames

Maximize limited space with a stackable frame.

Ideal for:

- Utility trailers
- Pickup truck beds
- Smaller utility work trucks and vans
- Cabinets, compartments and other areas where floor space is limited
- Ideal for multiple applications

Made of rugged, heavy-gauge steel, just like our reels, these stackable frames are available for Hannay Reels Series 1500, 1800, 2000 & 4000 manual or power rewind industrial hose reels. Frames can be painted to match reels, must specify when ordering.

Reels can be stacked in any combination, allowing for different applications and power rewind preference.

Stackable frame shown with two manual 1500 Series Reels.

ORDERING INFORMATION:

Be sure to specify part numbers when ordering:
