**Hannay Reels Blitzes into FDIC
with High-Performance Hose and Cable Reels for Fire and Rescue**

Westerlo, N.Y. – Safety, speed and reliability are essentials for fire and rescue professionals, which is why Hannay Reels is showcasing the company's superior, field-proven lineup of hose and cable reels at FDIC International, April 15 to 20 in Indianapolis.

Located in booth 4133, Hannay is highlighting reels that help cut attack time and increase safety under the most extreme conditions day after day. Compact and durable, Hannay Reels can be custom designed to fit in tight spaces on emergency vehicles.

At FDIC, Hannay will feature the following reels for fire and rescue vehicles:

- [F4000 Series](#) reels for single booster hose with 3/4- to 1-inch diameters, available with manual or powered rewind.
- [SBF Series](#) super booster hose reels made from aluminum, weighing up to 30% less than standard stainless-steel reels.
- [ESF2000 Series](#) hose reels for rescue tools requiring dual 1/4-inch hydraulic feeds, such as cutters and spreaders.
- [TEF Series](#) reels, providing twin independently operated reels for any combination of hydraulic hose, pneumatic hose, electric cable, or breathing air in a shared, space-saving frame.
- [ELCFR1600 Series](#) power rewind reels for electric cable, featuring a compact design as well as a chain-and-sprocket drive powered by an electric motor.
- [ECR1600 Series](#) cable reels for electric cords, offering the choice of manual or power rewind.
