Statement of Capabilities

About Hannay Reels

Since 1933, Hannay Reels has manufactured over 2 million heavy duty steel, aluminum, and stainless steel hose and cable reel assemblies. We produce standard and custom reels based on firsthand information gathered by direct contact with manufacturers, government agencies, and end-users worldwide. Our reels are utilized in every major military conflict and peacetime operations throughout the world. We presently have over 700 NSNs assigned to our company. We specialize in the design and fabrication of reels and have developed the technical skills and manufacturing flexibility to enable us to meet almost any hose or cable handling requirement.

Facilities

200,000 square-foot plant located in Westerlo, NY, USA, producing 75,000+ reels annually.

Reel Options and Applications

Hose Reels ("live"): Allow fluid to pass through reel and hose without removing hose completely

- Water/High Pressure/ Steam
- Hangar Reels
- Refueling
- Maintenance & Repair
- Air/Gas
- Hydraulics
- Pest Control
- Welding
- Pneumatics
- Fuel Transfer
- Washdown
- Potable Water
- Lubrication
- Vacuum/High Pressure

Cable Reels ("live"): Allow current to pass through reel and cable without removing cable completely

- Hangar Reels
- Maintenance & Repair
- Grounding
- Rescue/Hazmat
- Electrical Tools
- Portable Lighting
- Video Inspection
- Auxiliary Leads/Power
- Fiber Optic Cable
- ARC/Welding

Storage Reels: Do not allow current or fluid to flow while the hose or cable is still on the reel

- Hose
- Cable
- Flotation Boom
- Rope

Industries Served

- Agriculture
- Aviation
- Communications
- Construction
- Firefighting/Rescue
- Fuel Delivery
- Government/Military
- Grounds Maintenance
- Industrial
- Maritime
- Mining
- Sewer & Waste
- Transportation
- Utility

Our Strengths

- Custom engineered solutions
- Reels built to order
- Consistent quality and value
- Service with integrity
- Fast turnaround time

Our Major Clients

- Oshkosh Corporation
Oshkosh, WI
- Pierce Manufacturing
Appleton, WI
- Garsite, LLC
Kansas City, KS
- Amphenol Fiber Systems
Allen, TX
- Raytheon Company
Waltham, MA
